CONNECTED MEDIA|IP AT THE 2019 NAB SHOW

Connected Media|IP – the solutions destination at NAB Show that explores the underlying technologies enabling audiences to receive, discover and interact with content across any device, anywhere – is expanding its presence in South Hall Upper for the 2019 NAB Show - keeping it at the heart of the distribution/delivery/online video technology areas – but adding additional content and attractions for visitors. Connected Media|IP is also moving to a more accessible part of South Hall Upper in 2019, making it easier to find for visitors. Connected Media|IP continues to be perfectly placed to demonstrate and discuss IP-focused technology including IPTV, OTT, mobile, social and cloud with a focused and engaged audience.

Neil Nixon, Director of BPL Broadcast Ltd – NAB’s partner in delivering Connected Media|IP - said: “2019 sees another very positive development for Connected Media|IP exhibitors and visitors as we are significantly expanding our presence in South Hall Upper with more exhibitors and an enhanced seminar programme delivered across two purpose-built seminar theatres in an improved location. The location of this signature destination at the heart of the most relevant technology areas will ensure that 2019 continues the rapid growth trend for Connected Media|IP. Our seminar theatres, together with our video studio and 70+ exhibitors at the very forefront of this fast-developing market, will prove an irresistible attraction to visitors at NAB Show 2019. We look forward to welcoming you.”

Now in its seventh year, Connected Media|IP (CM|IP) is an exclusive destination at NAB Show – a signature ‘event within an event’ focused on helping organisations deliver connected content experiences.

Connected Media|IP at NAB Show is where you’ll find the players who are responding to demanding consumer expectations.

From broadcasters, tech teams, developers and content companies, Connected Media|IP showcases the technologies and devices that are responding to this massive power shift to the consumer.

Be part of media and entertainment’s future. Be part of Connected Media|IP at the 2019 NAB Show.

CONNECTING YOU TO NEW OPPORTUNITIES

Connected Media|IP at NAB Show showcases the IPTV, mobile, social and cloud technologies, devices and content that deliver the connected content experience the consumer is now demanding.

Delivered in partnership between BPL Broadcast Ltd and NAB Show, CM|IP is the perfect addition to the overall event which features over 1,700 exhibitors showcasing technologies and solutions across the entire media and entertainment sector.

MORE THAN A SHOW

In addition to the Connected Media|IP exhibition (which includes turnkey and free-design exhibition space) are the CM|IP Theatre speaking opportunities and the chance to network in the CM|IP Lounge.

All clients in Connected Media|IP at NAB Show receive a fully integrated marketing campaign, pre, during and post show.

This includes coverage and brand building across BPL's range of media, reaching BPL Broadcast's GDPR compliant and finely tuned database of key decision makers in the connected content technology space, worldwide.

The innovative CM|IP Campaign in a Box (see page 7) delivers a brand activation campaign to make the most of your CM|IP at NAB Show experience and delivers a fully integrated global marketing campaign for an entire year (or from the date of signing contract).

CM|IP SPEAKING OPPORTUNITIES & CM|IP LOUNGES

CM|IP THEATRES

The CM|IP Theatres offer a fantastic opportunity to listen and network with industry experts and key opinion leaders from across the industry.

Guest speakers are invited to deliver thought provoking and insightful presentations on how to connect with the consumer.

CM|IP exhibitors receive a speaking opportunity within the CM|IP Theatres (due to high demand this is on a first come, first served basis).

Industry panel debates and keynotes also take place daily throughout the show.

CM|IP LOUNGES

Open to all CM|IP exhibitors, the CM|IP lounges provide the perfect space to meet, network and relax.

Open daily, the CM|IP lounges are also available for exclusive CM|IP exhibitor events and receptions.

Connected Media|IP at NAB Show has grown rapidly, reflecting both the increased consumption of content anytime on any device and, crucially, the market opportunity.

2019 will witness an expanded presence in South Hall Upper, putting it at the heart of the distribution / delivery / online video technology areas. Don't delay, reserve your space now to be part of media and entertainment's future.
